

I would like to begin my fifth year as the superintendent of the Columbia Falls School District by extending a huge thank you! I have been extremely impressed with all the ways this community has shown its love and encouragement to the children in this school district.

The support this community has shown for our students has been nothing short of amazing. Your willingness to volunteer your time and assistance, your support of activity fund raisers that provide opportunities that would not be available to them without your contributions, and your attendance at all the different district events, all reinforce the value of every child. Your willingness to take on more property taxes indicates your belief in our children's education.

Please join with your school district in continuing to make Columbia Falls one of the best places in this country to raise a family. Every child is important and together we can help them understand the value of becoming a well-educated and caring human being.

Please feel free to contact me with your questions or concerns.

Sincerely;

*Superintendent Steve Bradshaw*
